AGNES SCOTT COLLEGE

History and Purpose

AGNES SCOTT is a privately endowed college for women located at Decatur, Georgia, in the metropolitan Atlanta area. It has a student body averaging five hundred and fifty and a four-year program of study leading to the Bachelor of Arts degree.

The College was founded in 1889 as Decatur Female Seminary, renamed Agnes Scott Institute in 1890 in honor of the mother of the founder, Colonel George W. Scott, and chartered as Agnes Scott College in 1906. Its three presidents have been Frank Henry Gaines (1889-1923); James Ross McCain (1923-1951); and Wallace McPherson Alston (1951-).

Agnes Scott was founded by Presbyterians and has always had a close relationship to that church. The College is not controlled or supported by the church, however, and special care is taken not to interfere in any way with the religious views or church preferences of students.

A commitment to the liberal arts program, insistence upon quality in education, and emphasis on the development of Christian character are foundation principles of the college. Strengthening these purposes are small classes, close faculty-student relationships, continuity of leadership, and a varied program of student activities. Participation in the University Center, a group of seven institutions of higher learning in the Atlanta area, provides social and educational resources beyond the limits of the college campus.

Financial Resources

The College has a campus of sixty acres and forty-eight buildings. Its assets amount to more than \$12,000,000, of which \$7,500,000 is in endowment.

Educational Recognition

In 1907 Agnes Scott was admitted to membership in the Southern Association of Colleges and Secondary Schools. In 1920 the College was placed on the approved list of the Association of American Universities and in 1926 it was granted a charter by the United Chapters of Phi Beta Kappa. It was a charter member of the American Association of University Women and of the Southern University Conference.

University Center

While Agnes Scott is a privately controlled liberal arts college, it is also a part of a larger group of institutions which form the University Center in Georgia. In the group are Emory University, Georgia Institute of Technology, the University of Georgia at Athens, Columbia Theological Seminary, Atlanta Art Association, Oglethorpe University, and Agnes Scott College. Chief features of this cooperative program are reciprocity in library services, exchange of instructors, administration of grants for research, and the avoidance of duplication and overlapping in certain areas of instruction.

ADMISSION OF STUDENTS

AGNES SCOTT has a resident student capacity of approximately four hundred and eighty. Total enrollment, including resident and non-resident students, averages five hundred and fifty. Applicants whose homes are not in the local community must apply for admission as resident (boarding) students. Exception may be made if they can live with close relatives. Applicants whose homes are in the local community may apply for admission as non-resident (day) students.

Correspondence regarding admission should be addressed to the Director of Admissions.

Admission to the Freshman Class

In determining admission, the College considers the candidate's academic preparation, general ability and interests, character, personality, and health. Criteria for judging admission qualifications include the secondary school record with statement of graduation and rank in class, scholastic aptitude test results, principal's recommendation, health report, and additional personal data and recommendations which the College secures.

1. *Academic Preparation.* Agnes Scott believes that courses taken in secondary school should be relevant to courses offered in college in order to provide continuity in the total program of study. Skill in English composition, ability to read with comprehension, some competence in at least one foreign language, and some understanding of scientific principles and methods are important in preparation for the program here; preference will be given to applicants who present evidence of this preparation.

Candidates must present sixteen units for admission and

are expected to take a minimum of four academic subjects each year in high school. The following subjects are strongly recommended or required:

English: four units (required)

Algebra: two units (including intermediate algebra, if possible; this requirement is sometimes completed in less than two units.)

Plane Geometry: one unit (required)

Foreign Language: three units in one language (preferably Latin), or two units in each of two languages. No credit for a single unit in one language. Under no circumstances is a student admitted without a minimum of two units in one foreign language; if admitted with this minimum, she will take in college a minimum of two years (18 quarter hours) in one foreign language.

Elective units may be presented in art history and appreciation, Bible, biology, botany, chemistry, French, general science, geography, German, Greek, history (including civics and other social studies), Latin, mathematics (advanced algebra, trigonometry, solid geometry), music (theory, history, appreciation), physics, Spanish, zoology. Applicants desiring entrance credit in art, Bible, or music should submit an outline of such courses to the Office of Admissions.

Credit will not be given for more than four units in any one subject. One vocational or semi-vocational unit (e.g., home economics) may be offered, or two in exceptional cases. No credit is given for physical education, glee club, band, and other extra-curricular activities.

2. *Filing of Application.* Early application is advised. The application for admission form will be furnished on request and may be filed on or after October 15 of the year preceding admission. The resident student application must be accompanied by a registration fee of \$50.00 and the non-resident application by a fee of \$10.00. If the application is accepted, the fee is credited on the September payment. The fee will be refunded on request on or before June 30 of the year of entrance; after that date it will not be refunded unless the preparation of the applicant is in-

sufficient or unless the College finds it impossible to admit her.

3. *Secondary School Transcript of Record.* Prior to, or at the time of filing the application for admission, the student should request the high school to submit a transcript of courses and grades to date. Certificate blank provided by the College is to be used. No information regarding admission can be given until this record has been sent to the Office of Admissions.

If the candidate's transcript of record is filed prior to the end of the first semester, the College will send her a form on which she may enter her first semester grades; the high school is not asked to furnish this information. At the end of the school year the College will secure from the high school an official report of senior grades and statement of graduation.

It is advisable that prospective applicants send during the junior year, or earlier, an informal statement of courses taken and grades made. A form for the purpose may be obtained from the Admissions Office. The sending of this information will enable the Office to evaluate credits and offer advice on subsequent preparation. The student is under no obligation to apply for admission.

4. *Scholastic Aptitude Test.* All applicants must take the Scholastic Aptitude Test (morning program—verbal and mathematical section) of the College Entrance Examination Board. No special preparation is required for the test; and scores made are only one of several items considered in measuring the candidate's ability and academic preparation. Applicants must take the Scholastic Aptitude Test during the senior year in secondary school, preferably the December or January series. The March series is acceptable; and the May series is permissible for non-resident applicants.

High school juniors who are interested in this college

are urged to take the preliminary Scholastic Aptitude Test in May and to have the results forwarded to Agnes Scott.

Application form and bulletin of information (including descriptions of tests, dates for filing applications, and lists of examination centers) are to be secured from the applicant's high school or from the College Entrance Examination Board, Box 592, Princeton, New Jersey (candidates who live in western states will write to the Board at Box 9896, Los Feliz Station, Los Angeles 27, California). When ordering the application form, the student must indicate the month in which she plans to take the test.

The Board has set the following examination dates for the remainder of the academic year 1955-1956: March 17, May 19, August 8. Dates for the 1956-1957 series are December 1, 1956; January 12, March 16, May 18, August 14, 1957. Application forms for the December tests will be available in the early fall; those for the January tests about November 1; and those for the March series about January 9; forms for the May and August series will be available immediately after the preceding series has been held.

The completed application form should reach the Board several weeks prior to the testing date; exact dates are given in the bulletin of information. A fee of \$6.00 is charged for the Scholastic Aptitude Test and must accompany the application.

The College Entrance Examination Board has established testing centers in principal cities of each state and will establish special centers for the convenience of candidates who would otherwise have to travel more than seventy-five miles. Request for a special center should be filed at least five weeks before the testing date.

5. *Achievement and Advanced Placement Tests.* The Achievement Tests of the College Entrance Examination Board are recommended primarily for placement purposes.

The tests should be taken in March of the senior year and should include English Composition, foreign language, and one of the following: social studies, science, mathematics (intermediate or advanced).

Candidates who wish to be admitted to more advanced courses than those offered in the regular freshman program may write to the College Entrance Examination Board for information about Advanced Placement Tests. Registration for the tests begins February 15, 1956, and closes April 2. Tests will be given during the week of May 7.

6. *Acceptance of Application.* Absolute promise of acceptance cannot be given until complete records are filed in the Office of Admissions. This is usually the middle or latter part of June. If the candidate's transcript of record, application form, and preliminary Scholastic Aptitude Test results are filed during the fall of the senior year, the Admissions Office may be able to give rather promptly some assurance of acceptance. This assurance is based on grades earned through the junior year, scores made on the Scholastic Aptitude Test taken in the junior year, courses in progress, and letters of recommendation. More definite information regarding admission can be given after first semester grades and senior year Scholastic Aptitude Test results are available. If an applicant who has been given tentative acceptance maintains a satisfactory standard of work throughout the remainder of the term and presents a satisfactory medical report, there should be no problem regarding final acceptance.

7. *Medical Report.* Blanks will be forwarded during the summer preceding entrance. The report should be returned promptly to the college physician. It will not be acknowledged by the physician unless some problem is presented.

8. *Assignment of Rooms and Roommates.* Rooms and roommates are assigned by the Dean of Students and her staff in late August and early September. Information

about assignments is not available until the student arrives in September. However, special requests regarding rooms or roommates may be filed with the Admissions Office for referral to the Dean of Students. Such requests will be honored if possible. In general, assignments are made according to the date that dormitory space is reserved. Every effort is made to place together students who will be congenial.

9. *Visits to the College.* Personal interviews are desirable. Appointment should be made in advance in order that the candidate may talk with a member of the admissions staff and have the opportunity of seeing the campus with a guide. If a visit cannot be made to the College, it is possible that an interview can be arranged in or near the applicant's home or school.

Admission to Advanced Standing

A limited number of students from other institutions may be admitted each year to the sophomore and junior classes. Each applicant must fulfill the requirements for admission to the freshman class, using her transferred credits if necessary. She must present transcripts of her secondary school and college records, a copy of the college catalogue with the courses taken indicated, a statement of honorable dismissal, and the results of the Scholastic Aptitude Test of the College Entrance Examination Board. Because admission on this basis is limited, the College advises only those students to apply who have made good records and who have followed a course corresponding to the Agnes Scott program. All credits are tentative and dependent on satisfactory work at Agnes Scott.

Candidates for the degree must complete the work of the junior and senior years in this college.

ADMINISTRATION OF THE CURRICULUM

Registration

STUDENTS are required to register at the beginning of the fall and winter quarters.

Students reporting for admission in the fall go first to the Registrar's office, where they are registered and given matriculation cards. They then meet with the appropriate committees for classification. Students who have not paid fees in advance report first to the Treasurer. A student who fails to complete her registration during the announced registration period is charged a fee of \$5.00.

Each student is required to register before attending her first class in the winter quarter. A student who returns from Christmas vacation in time to attend her first class, but who fails to register before doing so, is subject to the penalty of an unexcused absence in each class attended before registration.

A student returning late from Christmas vacation is subject to the penalty of a \$5.00 late registration fee unless her absence is excused by the Committee on Absences. If the absence is not excused, the student loses the privilege of voluntary class attendance for the winter quarter or, if she is already ineligible for the privilege of voluntary class attendance, is subject to the unexcused absence penalty imposed on students who are on the excuse system.

Selection of Courses

Students are expected to make themselves thoroughly familiar with the plan of the curriculum and to arrange their courses to conform with its requirements.

In April of each year, all students in residence file with the Registrar cards indicating tentative course selection for the next session. These course cards are approved or revised by the Committee on Courses for Upper Classmen. At the time of classification in September, the cards are obtained from the Committee and presented to instructors for signature at the first meeting of each class. They are then returned to the Registrar's office.

During the summer, students entering as freshmen indicate tentative course selection on forms provided by the College. These forms are returned to the Admissions office and are approved or revised by the Committee on Courses for Freshmen. At time of entrance in September, freshmen meet with the Committee for confirmation of course selection.

Credit Hours

Three quarters make up the college year. Credit for courses taken is given in terms of quarter hours. A course scheduled for three hours a week for one quarter will give a credit of three quarter hours toward the one hundred eighty quarter hours of academic work required for the degree. A course scheduled for three hours a week for the entire college year will give a credit of nine quarter hours toward the degree.

The quarter hour is mathematically equivalent to two-thirds of a semester hour.

Limitation of Hours and Courses

The maximum number of lecture or recitation hours a week for freshmen is sixteen and the minimum fourteen. With the permission of the Committee on Courses for Freshmen some first-year students may carry only thirteen hours.

The maximum number of lecture or recitation hours a week for advanced students is eighteen and the minimum fourteen. Second and third-year students will not be permitted to carry the maximum number unless they earned grades of C or above in at least two-fifths of their work for the preceding session. Fourth-year students will not be permitted to carry the maximum number unless they earned grades of C or above in at least one-half of their work for the preceding session.

Not more than two courses, or a total of ten quarter hours, may be taken under any one instructor in any given quarter.

Not more than twenty-five hours may be taken in one subject in any one session, and not more than sixty-three hours in one department may be presented for the degree. (See statement under Major and Related Hours.) If more than sixty-three hours are elected in one department, they must be in excess of the one hundred eighty required for the degree.

Students will not be permitted to audit courses unless they have written permission from the Dean of the Faculty. Such permission is given in a limited number of cases; the student's previous academic record, the number of credit hours being carried, and the recommendation of the major department are factors considered.

Course Changes

A course of study which has been approved cannot be changed without the permission of the appropriate course committee. No new course may be elected after the first ten days of a quarter. No course may be dropped after November 15 for the fall quarter, February 15 for the winter quarter, or April 15 for the spring quarter. Exception may be made only with the permission of the appropriate course committee and the Dean of the Faculty.

Class Attendance

Attendance at all academic appointments is required of freshmen during the first and second quarters, of students on the ineligible list, and of students who for any reason are on probation. It is expected that other students will keep all academic appointments and will not be absent without just cause. The responsibility for any work missed because of absence rests entirely upon the student.

Attendance at tests announced a week in advance is mandatory. Attendance is required the day before and the day after a holiday.

Examinations

General examinations are held at the end of each quarter. Attendance is required. A student absent from examination because of illness may take the examination in question at the regular time scheduled for re-examinations (see below). A student absent without excuse from the Dean of Students or the physician is automatically excluded from college.

Re-examinations are permitted in the case of conditional failure. These examinations are given in the first week of the quarter following failure. Those failing in a re-examination are required to repeat the course or forfeit the credit.

A "special" examination is given only with the permission of the Dean of Students in response to a written request from the student. This request must state why it is necessary to take the examination at a time other than that announced. If permission is granted, the student must present the Dean of Students' receipt for \$5.00 before the instructor is authorized to give the examination.

Grading System

Grades indicating the student's standing in any course are officially recorded as follows: A, excellent attainment; B, good attainment; C, average attainment; D, passable attainment; E, failure with privilege of re-examination; F, failure without privilege of re-examination.

For a statement of the grade requirements for class standing and for graduation, see section on Classification of Students and Requirements for the Degree.

Automatic Exclusion

A student whose work is very unsatisfactory at the end of any quarter may be asked to withdraw from the college or by vote of the faculty may be put on probation for the remainder of the year. If by the end of the session she has failed to earn at least twenty-two quarter hours of degree credit in academic work she is automatically excluded for the next year.

A student who fails for two successive years to meet the requirements for advancement to the next higher class is automatically excluded.

A student whose continuance in college may involve danger to her own health or to that of others may be asked to withdraw.

A student who is not in sympathy with the ideals and standards of the College or who is not mature enough for its program may be asked to withdraw. In such cases the judgment of the administrative officers is sufficient, and it is not necessary that specific charges be made.

THE BACHELOR OF ARTS DEGREE

AGNES SCOTT COLLEGE confers the degree of Bachelor of Arts. A plan of distribution and concentration is followed, with major work selected at the end of the sophomore year. Candidates for the degree must present one hundred eighty quarter hours of academic work of which half must be of grade C or above. This grade (C or above) must be made in not less than forty-eight quarter hours in the junior and senior years, and in not less than twenty-one hours in either of these years; summer session work may not be used by third and fourth year students to fulfill this grade requirement.

Candidates for the degree must complete the work of the junior and senior years in this college.

Required Courses

Certain courses are required, as listed below, and others are elective. The program of work for each student must be approved by the Committee on Courses for Freshmen or the Committee on Courses for Upper Classmen and may not be changed without the permission of the appropriate Committee.

A. Specific requirements:

English 101	9 quarter hours
Bible 101 or 201	9 quarter hours
Physical Education, 3 periods a week during the first 6 quarters of residence	

B. Group requirements, with options:

<i>Group 1.</i> a. Foreign Language	9 or 18 quarter hours
Latin, Greek, French, German, Spanish. A language based on two or more high school units may be continued	

for a minimum of one year (9 hours), or a new language may be taken for a minimum of two years (18 hours). Students admitted with only two units in one foreign language are required to take a minimum of two years (18 hours) in one language in college (see section on Admission).

b. Literature 9 quarter hours

Choice of a literature course in English (English 211) or a literature course in a foreign language. If a literature course in foreign language is used to satisfy this requirement, it must be a course beyond the intermediate level and it cannot be in the language used to satisfy requirement *a* in this group.

Group 2. Science and Mathematics 21 quarter hours

Biology, Chemistry, Physics, Astronomy, Mathematics. The equivalent of a year course must be completed in each of two departments. One course (12 hours) must be in a laboratory science.

Group 3. a. Choice of History 101 or 215, Classics 150, Philosophy 201 9 quarter hours

b. Choice of Economics 201, Political Science 201 (unless History is offered under *a*), Psychology 201, Sociology 203-205 9 quarter hours

The specific and group requirements for the degree must be completed by the end of the sophomore year with such exceptions as the Committee on Courses for Upper Classmen permits. No student shall be classified as a regular freshman unless she is taking English 101 and one course from each of Groups 1 and 2.

Additional work in English composition may be required of any student who gives evidence of inability to write correctly, even though English 101 may have been passed.

Freshman Program

Freshmen will make a tentative selection of courses during the summer preceding admission. Full instructions will be sent from the Admissions Office.

The freshman course of study usually includes five academic subjects and physical education. The following courses must be elected, with the options indicated above: English 101; a foreign language; a science and/or mathematics. Since two courses in Group 3 are required for the degree, it is generally advisable to take one in the freshman year; in this field, History 101 and Classics 150 are open to first-year students. Courses in art, Bible, music, and speech are also available.

Placement tests will be given freshmen who plan to take mathematics and/or continue their secondary school language in college. See also information about College Entrance Examination Board Achievement Tests and Advanced Placement Tests.

Major and Related Hours

The major and related hours must be planned by each student in the spring quarter of the sophomore year and approved by the department concerned.

The major department shall control a minimum of fifty-one quarter hours and a maximum of sixty. The hours shall be distributed as follows: thirty-six to fifty-one quarter hours in one subject, including the basic course, and nine to twenty-four quarter hours in closely related fields, with a minimum of nine in one department. An exception may be made in the departments of Art, Music, History and Political Science, and Economics and Sociology, where the major may consist of fifty-one to sixty hours without related work in another department. Exception may also be made in the department of Chemistry for students who wish to meet the requirements of the American Chemical Society.

The limitation upon the number of hours in the major subject does not apply in the case of courses which may not be counted in the major (Music 101, elementary modern

language, for example). However, no more than sixty-three hours may be taken in the major department unless the excess hours represent work beyond the one hundred eighty hours required for the degree.

The independent study program is not included in any of the above limitations.

Unless specifically excused by the major department and the Committee on Courses for Upper Classmen, the student must continue her major subject throughout the junior and senior years and must take at least twenty-seven hours in the major subject during these years. A minimum of eighteen of the twenty-seven hours must be completed with a grade of C or above.

Major work is offered in the following subjects: Art, Bible, Biology, Chemistry, Classics, Economics, Economics and Sociology, English, French, German, Greek, History, History and Political Science, Latin, Mathematics, Music, Philosophy, Physics, Psychology, Sociology, and Spanish. Through an agreement with Emory University, major work is offered in Business Economics.

An interdepartmental major is offered in Science. This major is primarily for premedical students and for students planning to teach science in secondary school. The major for students interested in medicine or medical technology should consist of: Biology 101, 304, 305, 306; Chemistry 101, 201, 203, 205, 207; Physics 101. For those who plan to teach science the major shall consist of approximately the same total number of hours, but courses may be varied with the approval of the department of primary interest.

Program of Independent Study

Seniors who are qualified on the basis of their general college records may be invited to participate in a program of independent study involving concentrated work in the

major field. Through such a program the College believes that intellectual values not possible in the routine plan of courses may be achieved.

The program may be offered for one, two, or three quarters and for credit of three or five quarter hours, with a maximum total credit of ten quarter hours. The course number in each department is 490.

Summer Courses

Students may attend accredited senior college summer schools. Courses and credits must be approved by the Dean of the Faculty before the close of the regular college session.

The number of hours a student may take in one summer session will depend upon the quality of her work at Agnes Scott, upon the nature of the courses chosen, and upon the length of the summer session. Under no circumstances will more than fifteen quarter hours be approved.

Summer work will not be credited toward the degree unless the student makes a grade higher than the passing grade (for example, C when the passing grade is D).

A student who attends summer sessions in order to accelerate her academic program may present for the degree no more than the equivalent of a year's work (forty-five quarter hours) completed in residence.

COURSES OF INSTRUCTION

1956-1957

COURSES numbered 101 to 199 are open primarily to freshmen and sophomores; Courses 201 to 299 to sophomores and juniors; Courses 301 to 399 to juniors and seniors; and Courses 401 to 499 to seniors only. Courses open to lower classes are also open to upper classes unless stated to the contrary.

Fall quarter courses are designated by *a*, winter quarter courses by *b*, spring quarter courses by *c*. Numbers with hyphenated letters indicate courses extending through two quarters. Numbers without letters indicate courses extending throughout the year. No credit is given for a course until the entire course is completed.

Program of Independent Study

In each department offering a program of independent study, the course number 490 is used. The program may be offered for three or five hours per quarter, with a maximum total credit of 10 quarter hours. Seniors may elect this program on invitation.

Emory University Courses

Under a cooperative agreement, upperclassmen may take courses at Emory University. Permission for such courses must be secured from the Chairman of the Course Committee and is generally limited to courses not offered at Agnes Scott.

ART

Professor WARREN

Assistant Professor HUPER

The objective of the Department of Art is to give training in appreciation, to help students form standards of taste, and to promote culture in the entire community. The Department offers a balanced program of practice, theory, and history, so integrated as to bring effectively into a liberal education the essential values of the visual arts.

No previous art experience is necessary for admission to applied art courses on the 100 level.

Basic Courses

101a. INTRODUCTION TO THE FINE ARTS. An introduction to the pictorial, structural, and plastic arts and crafts. A course in the theory of art. A brief discussion of art criticism, aesthetics, the social and psychological functions of art, and the philosophy of art. Practical experiments in various media. *Miss Huper*

Fall quarter: Monday, Wednesday, Friday 11:10

Credit: Three quarter hours

102b. INTRODUCTION TO THE FINE ARTS. Continuation of 101a. A non-technical analysis and criticism of prehistoric art, the art of ancient Egypt, Mesopotamia, Greece, Rome, the Americas, and Medieval art. Practical experiments in various media. *Miss Huper*

Credit: Three quarter hours

199a, b, c. ART STRUCTURE. Fundamentals of Design. Organization of the visual elements—line, color, texture, volume, and space. Experience in manipulation of various three-dimensional materials, including ceramics. Study of the masters. *Mr. Warren, Miss Huper*

a. Drawing. An introductory drawing course: landscape, still life, and figure. Experience in several media.

b. Design. Organization of the visual elements: line, color, texture, volume, and space.

c. Color. A study of color and the structural use of color in creative problems. Problems in three-dimensional design.

Offered each quarter: Thursday 12:10 (subject to change)

Studio: Tuesday, Thursday 1:40-4:40

Credit: Three, six, or nine quarter hours

Studio Courses

250a. DRAWING AND COMPOSITION. Fundamentals of drawing and composition. Figure, still life, and landscape. Experimental work in various media. *Mr. Warren*

Fall quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 199 (minimum of six hours), or permission of instructor

251b. DRAWING AND PAINTING. Continuation of 250 with attention to problems of color. Watercolor and tempera. Introduction to oil painting. *Mr. Warren*

Winter quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 250 or permission of instructor

252c. PAINTING. Picture structure, problems in still life, landscape, and figure composition. Study of grounds, mediums, and pigments. *Mr. Warren*

Spring quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 251 or permission of instructor

310a, b, c. SCULPTURE, CERAMICS, AND THREE-DIMENSIONAL DESIGN. An introduction to the concepts of three-dimensional form through the use of clay, plaster, wire, ceramics, and other materials. *Miss Huper*

Offered each quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three, six, or nine quarter hours

Prerequisite: Art 199 (minimum of three hours), or permission of instructor

350a, b, c. ADVANCED DRAWING AND PAINTING. Creative work in various media—oil, gouache, encaustic, and transparent watercolor. Emphasis on aesthetic considerations of picture structure. *Mr. Warren*

Offered each quarter: Hours to be arranged

Credit: Two, three, or five quarter hours

Prerequisite: Art 252 or permission of instructor

History and Criticism of Art

207a. MODERN ART: PAINTING AND SCULPTURE. The history and criticism of painting and sculpture from 1785 to 1900. Main emphasis on French and American art, but special attention given to the art of Germany, Italy, England, and Latin America. *Miss Huper*

318b. CONTEMPORARY AMERICAN RELIGIONS. Beliefs and practices of the main religious groups in the United States with some study of smaller distinctive sects and cults. Arrangements made for students to attend different types of religious services. *Mr. Garber*

Winter quarter: Monday, Wednesday, Friday 11:10

Credit: Three quarter hours

Given in alternate years; offered in 1956-1957

Requirements for the Major

Basic course: Bible 101 or 201

Required Bible courses: 203, 205, 206, 317

Required language course: Greek 203

Elective courses to complete the major and to meet the requirement of related hours must be approved by the department.

The department advises for the Bible major the election of courses in classical literatures, philosophy, psychology, and sociology.

BIOLOGY

Professor BRIDGMAN

Assistant Professor ROBERTS

Assistant Professor GROSECLOSE

Mrs. GRAY

Miss SALYERDS

General Biology

101. GENERAL BIOLOGY. The fundamental principles of biology as exemplified by a study of elementary botany, zoology, physiology and the important theories of heredity. The work of the three quarters is coordinated and forms a course in general introductory biology. *The Staff*

Throughout the year:

Section A: Monday, Wednesday, Friday 9:30

Section B: Monday, Wednesday, Friday 11:10

Section C: Monday, Wednesday, Friday 11:10

Section D: Tuesday, Thursday, Saturday 8:30

Laboratory: Section A or B: Tuesday or Thursday 1:40-4:40

Section C or D: Monday or Wednesday 1:40-4:40

Credit: Twelve quarter hours

302c. EVOLUTION. The theory and evidence of organic evolution.

Miss Bridgman

Spring quarter: Tuesday, Thursday, Saturday 9:30

Credit: Three quarter hours

Prerequisite: Biology 101

303a-b. GENETICS. The principles of heredity and variation. *Miss*

Bridgman, Miss Salyerds

Fall and winter quarters: Tuesday, Thursday 9:30

Conference: Saturday 9:30

Laboratory: Two hours to be arranged

Credit: Without laboratory, four quarter hours; with laboratory, six quarter hours

Prerequisite: Biology 101

The laboratory work is required of students majoring in biology.

Botany

202c. PLANT TAXONOMY. The principles of plant classification and a taxonomic study of the higher plants native to this locality.

Mr. Roberts

Spring quarter: Wednesday, Friday 8:30

Laboratory: Friday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Biology 101

203a. ECONOMIC BOTANY. A course designed to show the relations of botany to human society. Studies from historical developments to modern applications of plant products. *Mr. Roberts*

Fall quarter: Monday, Wednesday, Friday 8:30

Credit: Three quarter hours

Prerequisite: Biology 101

Given in alternate years; not offered in 1956-1957

204b. ANATOMY AND MORPHOLOGY OF VASCULAR PLANTS. A basic course in plant anatomy dealing with the structure, reproduction, and development of higher plants. *Mr. Roberts*

Winter quarter: Wednesday, Friday 8:30

Laboratory: Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Biology 101

301b. GENERAL BACTERIOLOGY. A basic course in the principles and techniques of microbiology with emphasis on the relationship of microorganisms to man. *Mr. Roberts*

Winter quarter: Tuesday, Thursday, Saturday 11:10

Laboratory: Tuesday 1:40-4:40; three hours to be arranged

Credit: Five quarter hours

Prerequisite: Biology 101, Chemistry 101

308c. THALLOPHYTES. A study emphasizing the morphology and physiology of the algae and fungi. The importance of fungi as plant pathogens is also considered. *Mr. Roberts*

Spring quarter: Tuesday, Thursday, Saturday 11:10

Laboratory or field: Monday, Wednesday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101

311a. PLANT PHYSIOLOGY. Some aspects of experimental studies devoted to the nutrition, metabolism, and growth of higher plants. *Mr. Roberts*

Fall quarter: Monday, Wednesday, Friday 8:30

Laboratory: Wednesday 1:40-4:40; three hours to be arranged

Credit: Five quarter hours

Prerequisite: Biology 101, Chemistry 101

Given in alternate years; offered in 1956-1957

Zoology

207a-b. INVERTEBRATE ZOOLOGY. The development, structure, relationships and distribution of the major invertebrate phyla. *Miss Bridgman*

a. Protozoa and Acoelomate Invertebrates

b. Coelomate Invertebrates

Fall and winter quarters: Wednesday, Friday 8:30

Laboratory: Monday 1:40-4:40

Credit: Six quarter hours

Prerequisite: Biology 101

304b. COMPARATIVE CHORDATE ANATOMY. A study of the major organ systems of selected chordate types. Laboratory work includes dissections of amphioxus, dogfish, necturus, turtle, bird, and cat. *Miss Groseclose*

Winter quarter: Monday, Wednesday, Friday 9:30

Laboratory: Monday, Wednesday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101, 207

305c. HISTOLOGY AND MICROTECHNIQUE. Primarily a laboratory course with practical work in the more usual methods of histological and cytological technique. *Miss Groseclose*

Spring quarter: Tuesday, Thursday, Saturday 11:10

Laboratory: Wednesday 1:40-4:40; three hours to be arranged

Credit: Five quarter hours

Prerequisite: Biology 101

306a. EMBRYOLOGY. The fundamental facts of embryology, with especial reference to mammalian development. *Miss Groseclose*

Fall quarter: Monday, Wednesday, Friday 9:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101

310c. GENERAL PHYSIOLOGY. The fundamental activities of living matter with some emphasis on human applications. *Miss Groseclose*

Spring quarter: Monday, Wednesday, Friday 9:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101; prerequisite or corequisite: Chemistry 101

Requirements for the Major

Basic course: Biology 101. This course counts nine hours on the requirements for majors.

Required courses when zoology is the subject of primary interest: 207, 302, 303, 306

Required courses when botany is the subject of primary interest: 202, 204, 301, 303, 308, 311

Elective courses to complete the major and to meet the requirement of related hours must be approved by the department.

A reading knowledge of French or German and courses in elementary and organic chemistry and biochemistry are recommended.

Students planning an interdepartmental major in science must consult the department of primary interest.

CHEMISTRY

Professor FRIERSON

Associate Professor CRIGLER

Mrs. Fox

101. GENERAL CHEMISTRY. The more important nonmetallic and metallic elements with special emphasis given to the fundamental laws and theories of chemistry. *Mr. Frierson*

Throughout the year:

Section A: Monday, Wednesday, Friday 9:30

Section B: Monday, Wednesday, Friday 11:10

Laboratory: Section A: Tuesday 1:40-4:40

Section B: Wednesday 1:40-4:40

Section C: Thursday 1:40-4:40

Credit: Twelve quarter hours

201a. QUALITATIVE ANALYSIS. Chemical equilibrium and related topics. *Mr. Frierson*

Fall quarter: Tuesday, Thursday 8:30

Laboratory: Two periods to be arranged from the following: Monday through Thursday 1:40-4:40

Credit: Four quarter hours

Prerequisite: Chemistry 101

203b-c. QUANTITATIVE ANALYSIS. Gravimetric and volumetric methods of analysis. *Mr. Frierson*

Winter and spring quarters: Tuesday, Thursday 8:30

Laboratory: Two periods to be arranged from the following: Monday through Thursday 1:40-4:40

Credit: Eight quarter hours

Prerequisite: Chemistry 201

205a-b. ORGANIC CHEMISTRY. A study of the compounds of carbon. *Miss Crigler*

Fall and winter quarters: Monday, Wednesday, Friday 8:30

Laboratory: Monday, Wednesday 1:40-4:40

Credit: Ten quarter hours

Prerequisite: Chemistry 101

207c. BIOCHEMISTRY. A study of the compounds related to metabolism; the chemistry of tissues. This course is designed primarily for premedical students and biology majors. *Miss Crigler*

Spring quarter: Monday, Wednesday, Friday 8:30

Laboratory: Monday, Wednesday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Chemistry 205

209c. ORGANIC PREPARATIONS. This course will include the study of specific organic mechanisms. *Miss Crigler*

Spring quarter: Wednesday 11:10

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Chemistry 205

302a, b, c. ADVANCED QUANTITATIVE ANALYSIS. Advanced analytical methods and modern instrumental methods of analysis. Any quarter may be taken independently. *Mr. Frierson*

Offered each quarter: Hour to be arranged

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Three, six, or nine quarter hours

Prerequisite: Chemistry 203

303a-b. QUALITATIVE ORGANIC ANALYSIS. *Miss Crigler*

Fall and winter quarters: Wednesday 11:10

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Six quarter hours

Prerequisite: Chemistry 203, 205

305. PHYSICAL CHEMISTRY. Theoretical principles and their application.

Throughout the year: Tuesday, Thursday, Saturday 8:30

Laboratory: Friday 1:40-4:40

Credit: Twelve quarter hours

Prerequisite: Physics 101, Mathematics 204, Chemistry 203 and 205

Requirements for the Major

Basic course: Chemistry 101

Required chemistry courses: Chemistry 201, 203, 205, and twelve additional hours

Foreign language: German or French

Elective courses to meet the requirement of related hours must be approved by the department.

Students planning to take graduate work in chemistry should elect Chemistry 305 in addition to the above outlined major.

Students planning an interdepartmental major in science must consult the department of primary interest.

CLASSICAL LANGUAGES AND LITERATURES

Professor GLICK

Associate Professor ZENN

Greek

101. ELEMENTARY. The essentials of forms and syntax; reading of selections from Xenophon and Plato; writing Greek. *Miss Zenn*

Throughout the year: Monday, Wednesday, Friday 9:30

Credit: Nine quarter hours if taken as a fourth language, or if followed by Greek 201 and 202 or 203, or if a major in Latin is completed

201a. INTERMEDIATE. Review of forms and syntax. Plato: Apology or Crito, with selections from other writings of Plato. *Miss Glick*

Fall quarter: Tuesday, Thursday, Saturday 12:10

Credit: Three quarter hours if followed by Greek 202 or 203

Prerequisite: Greek 101

202b-c. HOMER: Iliad, Books I-VI. Dialect and content; sight translation; metrical reading. *The Staff*

Winter and spring quarters: Tuesday, Thursday, Saturday 12:10

Credit: Six quarter hours

Prerequisite: Greek 201

203b-c. NEW TESTAMENT GREEK. A study of Luke and other writers. *Miss Glick*

Winter and spring quarters: Monday, Wednesday, Friday 3:00

Credit: Six quarter hours

Prerequisite: Greek 201

- 301a. GREEK TRAGEDY. Euripides: selected plays. *Miss Glick*
 Fall quarter: Tuesday, Thursday, Saturday 11:10
 Credit: Three quarter hours
 Prerequisite: Greek 202
Given in alternate years with 305a; not offered in 1956-1957
- 302b. GREEK LYRIC POETRY. *Miss Zenn*
 Winter quarter: Tuesday, Thursday, Saturday 11:10
 Credit: Three quarter hours
 Prerequisite: Greek 202
Given in alternate years with 308b; not offered in 1956-1957
- 303c. PLATO: Selected dialogues. *Miss Glick*
 Spring quarter: Tuesday, Thursday, Saturday 11:10
 Credit: Three quarter hours
 Prerequisite: Greek 202
Given in alternate years with 307c; not offered in 1956-1957
- 305a. GREEK TRAGEDIES. Sophocles: selected plays. *Miss Glick*
 Fall quarter: Tuesday, Thursday, Saturday 11:10
 Credit: Three quarter hours
 Prerequisite: Greek 202
Given in alternate years with 301a; offered in 1956-1957
- 307c. GREEK HISTORY. Selections from Herodotus or Thucydides.
Miss Zenn
 Spring quarter: Tuesday, Thursday, Saturday 11:10
 Credit: Three quarter hours
 Prerequisite: Greek 202
Given in alternate years with 303c; offered in 1956-1957
- 308b. ARISTOPHANES: Selected plays. *Miss Zenn*
 Winter quarter: Tuesday, Thursday, Saturday 11:10
 Credit: Three quarter hours
 Prerequisite: Greek 202
Given in alternate years with 302b; offered in 1956-1957
- 350 a or b or c. ADVANCED READING COURSE. Selections from
 Greek prose and poetry, not covered in other courses, chosen to
 meet the needs of individual students.

Offered each quarter. Hours to be arranged

Credit: Three or five quarter hours

Prerequisite: Greek 202

Latin

101. LATIN FUNDAMENTALS. An introduction to the fundamentals of Latin grammar and to the reading of Latin authors.

Throughout the year: Hours to be arranged

Credit: Nine quarter hours if taken as a fourth language, or if followed by Latin 104

104. INTERMEDIATE. First quarter: systematic review of principles of syntax; second and third quarters: Virgil, Aeneid I-VI. *Miss Zenn*

Throughout the year: Tuesday, Thursday, Saturday 8:30

Credit: Nine quarter hours

Prerequisite: Two entrance units in Latin, or Latin 101

105. LATIN LITERATURE OF THE FIRST CENTURY B.C. Reading from writers of prose and poetry, including one of Cicero's philosophical essays and Horace's Odes and Epodes. *Miss Glick*

Throughout the year: Monday, Wednesday, Friday 12:10

Credit: Nine quarter hours

Prerequisite: Three or four entrance units in Latin, or Latin 104

In exceptional circumstances, the last two quarters can, with the permission of the department, be taken for six hours credit.

- 201a. ROMAN COMEDY. Selected plays from Plautus and Terence. *Miss Zenn*

Fall quarter: Tuesday, Thursday, Saturday 12:10

Credit: Three quarter hours

Prerequisite: Latin 105, or 104 with permission of the instructor

- 202b. ROMAN SATIRE. Selections from Horace. *The Staff*

Winter quarter: Tuesday, Thursday, Saturday 12:10

Credit: Three quarter hours

Prerequisite: Latin 105

- 204c. PLINY AND MARTIAL. *The Staff*
 Spring quarter: Tuesday, Thursday, Saturday 12:10
 Credit: Three quarter hours
 Prerequisite: Latin 201 or 202
- 302b. CATULLUS AND THE ELEGIAC POETS. *Miss Glick*
 Winter quarter: Hours to be arranged
 Credit: Three quarter hours
 Prerequisite: Six quarter hours of 200 grade
Given in alternate years with 306b; not offered in 1956-1957
- 303c. LUCRETIUS: De Rerum Natura. *Miss Glick*
 Spring quarter: Hours to be arranged
 Credit: Three quarter hours
 Prerequisite: One course of 300 grade
Given in alternate years with 308c; offered in 1956-1957
- 304a. LIVY: Selections from Bks. I-X. *Miss Glick*
 Fall quarter: Hours to be arranged
 Credit: Three or five quarter hours
 Prerequisite: Six quarter hours of 200 grade
 A student whose major subject is Latin will be required to take
 304 or 305 as a five-hour course, two hours of which will
 be devoted to Latin writing.
Given in alternate years with 305a; not offered in 1956-1957

Prerequisite: Economics 201 or 301

Given in alternate years; not offered in 1956-1957

314b. ECONOMICS OF CONSUMPTION. A study of the forces underlying and governing consumption. Levels and standards of living studied in the light of data made available through research. *Miss Smith*

Winter quarter: Tuesday, Thursday 2:00-3:30

Credit: Three quarter hours

Prerequisite: Economics 201 or 301, or Sociology 203

Given in alternate years; not offered in 1956-1957

315c. ECONOMIC AND SOCIAL SYSTEMS. A comparative study of the organization of economic life under capitalism, socialism, communism, fascism. *Miss Mell*

Spring quarter: Monday, Wednesday, Friday 2:00

Credit: Three quarter hours

Prerequisite or corequisite: Economics 201 or 301

Given in alternate years; not offered in 1956-1957

320c. AGRICULTURE IN THE AMERICAN ECONOMY. The place of agriculture in the national economy and basic economic principles underlying it, together with an analysis of its relationship to rural social institutions. *Miss Mell*

Spring quarter: Monday through Friday 8:30

Credit: Five quarter hours

Prerequisite: Economics 201 or 301

Given in alternate years; offered in 1956-1957

325b. BUSINESS AND GOVERNMENT. The role of government in American economic life. The development of government control of monopoly, unfair competition, and competitive practices in general. *Miss Mell*

Winter quarter: Monday through Friday 12:10

Credit: Five quarter hours

Prerequisite: Economics 201 or 301, or History 215

Given in alternate years; offered in 1956-1957

Sociology

203a-b. INTRODUCTION TO SOCIOLOGY. Current sociological theory as it relates to social origins, social processes, social institutions, and social control; integration of theory with social problems and social direction. *Miss Smith*

Fall and winter quarters:

Section A: Monday, Wednesday, Friday 8:30

Section B: Tuesday, Thursday, Saturday 8:30

Credit: Six quarter hours

To meet the group requirement, this course must be followed by Sociology 205.

205c. PROBLEMS OF CONTEMPORARY AMERICAN SOCIETY. Analysis of American society in terms of the need for mastery of the physical, technical, and societal forces that challenge contemporary society. A continuation of 203. *Miss Smith*

Spring quarter:

Section A: Monday, Wednesday, Friday 8:30

Section B: Tuesday, Thursday, Saturday 8:30

Credit: Three quarter hours

Prerequisite: Sociology 203

311b. THE FAMILY. The family as a social and educational institution. The historical background of present-day family organization; factors in the modern community which tend to alter and disrupt family life; analysis of the significance of the family in social organization. *Miss Mell*

Winter quarter: Monday through Friday 8:30

Credit: Five quarter hours

Prerequisite or corequisite: Economics 201 or 301, or Sociology 203, or Psychology 201, or permission of instructor

312a. RACIAL AND OTHER MINORITY GROUPS. A study of adjustments in society growing out of race contacts and the presence of minority groups. As a background for this study concepts of race and culture are examined. *Miss Mell*

Fall quarter: Monday through Friday 12:10

Credit: Five quarter hours

Prerequisite or corequisite: Economics 201 or 301, or Sociology 203, or Psychology 201, or permission of instructor

313c. SOCIAL THEORY. Contemporary social theory, with some consideration of its historical background. *Miss Mell*

Spring quarter: Monday, Wednesday, Friday 2:00

Credit: Three quarter hours

Prerequisite: Sociology 203

Given in alternate years; offered in 1956-1957

316b. POPULATION. The causes and significance of population trends and movements. Problems growing out of both quality and quantity of population are considered. *Miss Smith*

Winter quarter: Monday through Friday 11:10

The Department of Education does not offer a major. Teacher education at Agnes Scott is a college-wide enterprise, and the Department of Education exists only as one of many departments that contribute to the future teacher's curriculum. In order to provide the strongest faculty possible and to enrich course offerings, Agnes Scott College and Emory University cooperate in sponsoring the Agnes Scott-Emory Teacher Education Program. Programs in the various teaching fields are planned by the Committee on Teacher Education representing both institutions. Copies of planned programs are available from the Director of Teacher Education, who is responsible for coordinating resources on both campuses.

Students planning to teach at the secondary level major in a teaching field—that is, one of the subjects normally taught at the high school

level such as English, history, mathematics. They include Education 301, 303, 401S, 402, and 404 in their programs.

Students planning to teach at the elementary-school level must meet the following requirements:

1. Completion of any major offered by the College;
2. Completion of Education 301, 303, 304, 401E, 402, and 404;
3. Completion of thirty quarter hours in work designated as "special fields for elementary-school teachers." A minimum of fifteen of these hours must be selected from art (some studio work recommended), music (340a recommended), and physical education (recreational leadership required). The remaining hours are to be selected from the following: Biology 101 (five of these hours count towards the required thirty), Sociology 317, Speech (105, 201, or 308), Library Science 315 (Books and Related Materials for Children and Young People, offered at Emory for three or five quarter hours of credit, spring quarter), History 215 (five of these hours count towards the required thirty) or Political Science 201 or Political Science 308.

Students who plan to teach should begin to plan programs early—in no case later than the end of the sophomore year. They must take Psychology 201 in the sophomore year. Upon successful completion of a planned program at graduation, students fill out an application blank and are approved automatically for certification to teach in Georgia. Out-of-state students should present certification requirements for their respective states at the time of projecting programs in order that proper guidance may be given.

Mr. Goodlad, Mr. Henderson and Miss Howell will advise students in regard to requirements and assist in planning for necessary courses.

Note: Students planning to do graduate work in Speech Correction at Emory University are urged to major in psychology (including Psychology 214, Physiological Psychology, available at Emory University), and to meet requirements for elementary-school teaching. Tuition grants are available to qualified students seeking to enter this graduate field.

Requirements for the Major

Basic course: History 101

Required courses: History 215 and two 300 courses in history or political science

Elective courses to complete the major and to meet the requirement of related hours must be approved by the department.

If more than fifteen hours of political science are included in the major, it will be designated as a major in history and political science.

LIBRARIANSHIP

Juniors and seniors may elect three five-hour courses in Librarianship at Emory University. These courses (201, 211, 221) provide a foundation for graduate study in librarianship and are prerequisite for entrance to the Emory graduate program in this field. The courses are not open to students who take the 400 level professional courses in education unless the courses represent hours in excess of the 180 academic hours required for the degree.

PHYSICAL EDUCATION

Associate Professor WILBURN

Assistant Professor LAPP

Miss DOZIER

Miss ASHLEY

Miss BOYCE

Physical education is required of all students three hours a week during the first two years. Students entering with advanced standing credits, but with additional credit to earn in physical education, are required to take physical education in their first quarter or quarters of residence. The requirement includes the passing of a college swimming test, a team sport, an individual sport, and dancing.

A sport suit of uniform design for physical education classes is required of all entering students. Blanks for ordering this outfit are sent during the summer, and must be returned promptly with payment to the designated firm. Full instructions are given on the order blank. The College furnishes dance leotards, bathing suits, and towels.

Junior transfer students who have had two years of physical education need not order suits before arriving at college.

101. COURSES FOR FIRST-YEAR STUDENTS.

Fall quarter: Dancing, hockey, beginner's swimming (instruction in one); three hours a week.

Winter quarter: Instruction in one of the activities listed under 201; three hours a week.

Spring quarter: Instruction in one of the activities listed under 201; three hours a week.

201. COURSES FOR SECOND-YEAR STUDENTS. Instruction in one of the following activities.

Fall quarter: Archery, dancing, hockey, swimming, tennis

Winter quarter: Badminton, basketball, body mechanics, dancing, Red Cross course in senior life saving and water safety, swimming, volley ball, fencing

Spring quarter: Archery, golf (special fee charged), Red Cross instructor's course in life saving and water safety, recreational leadership, softball, swimming, tennis, volley ball

Dance Group. The aim of the Dance Group is to create greater dance appreciation through study in all the broad phases of the

art. Admission is by tryout. A classical or contemporary ballet is presented each year during the winter quarter.

Intramural Sports. Sponsored by the athletic association and the department of physical education. Tournaments are scheduled in archery, badminton, basketball, golf, hockey, ping-pong, softball. Meets and water shows are scheduled in swimming.

May Day. A traditional festival under the direction of the May Day committee and the department of physical education.

The required pre-admission physical examinations are carefully screened by the college physician. Students who have abnormalities disclosed confer with the physician immediately. Recommendations of the family physician are given consideration, and close supervision is provided when needed.

PHYSICS AND ASTRONOMY

Professor CALDER

Mrs. CLAYTON

Physics

101. GENERAL PHYSICS. Properties of matter, mechanics, sound, heat, electricity, magnetism, and light. Lectures illustrated by experiments, supplemented by problems and individual laboratory work.

Throughout the year: Monday, Wednesday, Friday 12:10

Laboratory: Wednesday or Thursday 1:40-4:40

Credit: Twelve quarter hours

Prerequisite or corequisite: Mathematics 101

Credit: Three quarter hours

Prerequisite: Physics 101

Open to sophomores, juniors, and seniors

Given in alternate years; not offered in 1956-1957

350. ATOMIC PHYSICS.

Throughout the year: Monday, Wednesday, Friday 8:30

Credit: Nine quarter hours

Prerequisite: Physics 101; prerequisite or corequisite:
Mathematics 203, 204

Given in alternate years; offered in 1956-1957

Requirements for the Major

Basic course: Physics 101

Required courses: Twenty-four additional hours in Physics. Physics 350 is recommended.

Required mathematics courses: Mathematics 101, 202, 203, 204

Elective courses to meet the requirement of related hours must be approved by the department.

Students planning an interdepartmental major in science must consult the department of primary interest.

Astronomy

151a. DESCRIPTIVE ASTRONOMY. Historical introduction, constellation study, celestial sphere, moon, instruments, and telescopic observation.

Fall quarter:

Section A: Monday, Wednesday, Friday 11:10

Section B: Tuesday, Thursday 2:00-3:30

Credit: Three quarter hours

BUILDINGS, GROUNDS, AND EQUIPMENT

THE COLLEGE has a campus of sixty acres. The main buildings are brick and stone and those of more recent construction are modern Gothic in design. Dormitories are completely equipped with sprinkler systems and fire escapes.

BUTTRICK HALL, the classroom-administration building, was erected in 1930 through the support of the General Education Board of New York and is named in honor of Dr. Wallace Buttrick, former president of the Board. It contains administrative and faculty offices, classrooms, the art studios and gallery, day student lounge, and the college post office, bookstore, and bank.

THE MCCAIN LIBRARY, erected in 1936, was named in honor of President Emeritus James Ross McCain by action of the Board of Trustees June 1, 1951.

The Agnes Scott collection numbers about 65,000 volumes, and 275 periodicals are received currently. The two main reading rooms seat 250 students, and an additional 250 can be accommodated in the carrels, the seminar and lecture rooms, and the outdoor reading terrace. There are six floors of open stacks.

Supplementing the bibliographical resources of the Agnes Scott library are Union Catalogues at Emory University and the University of Georgia of the holdings of thirty libraries in the Atlanta-Athens area. About one million and a half volumes are represented. Reciprocity in the libraries of this area, particularly between Agnes Scott and Emory, is a feature of the University Center program.

PRESSER HALL, completed in 1940, bears the name of Theodore Presser, Philadelphia music publisher whose Foundation contributed toward its erection. The building contains Gaines Chapel, Maclean Auditorium, and facilities for the teaching of music, including soundproof studios and practice rooms.

THE FRANCES WINSHIP WALTERS INFIRMARY, completed in 1949, has capacity for thirty patients. The building is named in honor of the donor, an alumna and trustee of the College.

THE LETITIA PATE EVANS DINING HALL, completed in 1950, is named in honor of its principal donor, Mrs. Letitia Pate Evans of Hot Springs, Virginia. The building has four separate dining rooms, with the main hall large enough to accommodate the entire student body.

THE JOHN BULOW CAMPBELL SCIENCE HALL, completed in 1951, is named in honor of a former trustee of the College. The building contains a total of seventy-seven rooms, including twenty laboratories, five lecture rooms, a large assembly room, a library, a museum, and departmental offices.

THE BRADLEY OBSERVATORY, erected in 1949, houses the 30-inch Beck Telescope, a planetarium, lecture room, photographic dark room, optical shop for making telescopes, laboratory space, and a library.

ALL DORMITORIES are located on the campus. Agnes Scott Hall, Rebekah Scott, Inman, Hopkins, and Walters Hall (now under construction) are the main dormitories. Additional units for the 1956-57 session are Sturgis, Ansley, and Hardeman houses, also located on campus.

BUCHER SCOTT GYMNASIUM-AUDITORIUM is the center of athletic activities. Basketball and badminton courts, an auditorium, swimming pool, and offices of the physical education directors are located here. Adjacent to the gymnasium are an athletic field for hockey, archery, and softball; four all-weather Laykold tennis courts; and the May Day Dell.

Other buildings on the campus include the President's Home, the Murphey Candler Student Activities Building, and the Anna Young Alumnae House.

Rooms

All rooms are at the same rate, whether double or single. Each room is furnished with single beds, mattresses and pillows, dressers, chairs, study table, student lamp, bookcase, and waste basket. Students will supply their own bed linen, blankets, curtains, rugs, and towels. Radios are permitted.

COMMUNITY ACTIVITIES

Extra-Curricular Program

THE STUDENT ORGANIZATIONS and publications occupy an important place in the life of the college community. They are supported in part by a comprehensive fee charged each student. This appropriation is distributed among the following: Student Government Association, Athletic Association, the Student Handbook, Mortar Board, Pi Alpha Phi, Lecture Association, Blackfriars, May Day Committee and Dance Group, Social Committee, National Student Association, Glee Club, the literary magazine, the annual, and the weekly newspaper.

The Student Government Association is based upon a charter granted by the faculty and has for its purpose the ordering and control of campus life. Its membership includes all students.

Agnes Scott Christian Association is organized to develop the spiritual life of the students and to cooperate with other student associations in general Christian work. Most of the student body are members.

Athletic Association cooperates with the department of physical education in the management of sports and sponsors inter-class games, tournaments, swimming meets, and general recreational activities. Individual interests and skills are developed through various sports clubs.

Lecture Association, an organization of students and faculty, brings lecturers to the college community.

Publications include the "Aurora," a quarterly literary magazine; the "Silhouette," the student yearbook; the "Agnes Scott News," the campus weekly; and "The Stu-

dent Handbook," a manual of information issued annually by the student associations and mailed to new students during the summer preceding admission.

Clubs directed by students or by students and faculty together provide opportunity for development of special interests and talents. Membership in most of these is open by try-out. They include language and Bible clubs, Pi Alpha Phi debating society, Blackfriars dramatic club, the Dance Group, Glee Club, Guild Student Group (chartered by the American Guild of Organists and sponsored by the Georgia chapter), International Relations Club, Music Club (affiliated with the Georgia Federated Music clubs), Art Students' League, Cotillion Club, and several creative writing groups. National honor societies include Mortar Board (service and leadership); Eta Sigma Phi (classics); and Chi Beta Phi (science).

Art and Music

One of Agnes Scott's major responsibilities in the University Center is the development of the Fine Arts. This the College seeks to do through its program of instruction and through general contributions to the cultural life of the community. Exhibitions of paintings, prints, crafts, and other objects of art are held periodically in the College Art Gallery; and throughout the year concerts are presented by the faculty of the music department and by artists from the Atlanta area. All of these events are open to the public without charge.

Religious Life

Every effort is made to promote the students' religious life. They are asked to select the church they desire to make their church home and are encouraged to attend this church regularly.

Devotional exercises are held in chapel every morning except Monday. The Wednesday service is a College Con-

vocation which all students are expected to attend. Although attendance at other chapel services is voluntary, students are urged to be present regularly. Other religious programs include Sunday evening vespers conducted by Christian Association and the tri-weekly vesper services led by members of the faculty.

Health Service

The student health service is under the direction of the college physician and her staff.

Each new student is required to submit a certificate of complete examination by her family physician, a certificate of successful vaccination within six years, a report on a chest X-ray made within sixty days of entrance to college, and a complete medical history report. Blanks for this information are forwarded during the summer and must be returned to the college physician by September 1.

Each new student is urged to have ophthalmological and dental examinations during the summer preceding admission.

The students' health needs are met as far as possible by the medical department. The comprehensive fee charged all students includes ordinary infirmary and office treatment for resident students, and emergency treatment for non-resident students. If there is need for such special medication as antibiotics, hypodermic injections, vitamins, prescriptions, X-rays, special diet, etc., the expense is met by the individual. Resident students should consult the college physician before seeking medical or dental care in Atlanta. Consultants are called in at any time upon request.

The College reserves the right, if the parents or guardians cannot be reached, to make decisions concerning emergency health problems.

Counseling

While each student is encouraged to be increasingly self-reliant in college and community life, the College realizes the value of advisory assistance in developing individual interests and ability. Academic counseling is done by the Dean of the Faculty, the major professors, and designated members of the faculty.

General counseling of students, particularly in relation to non-academic matters and social and extra-curricular activities, is centered in the office of the Dean of Students.

Placement Service

The College operates a placement service through the office of the Dean of the Faculty. Confidential reference files are maintained for all graduates and are sent to prospective employers on request. There is no charge for the service.

Seniors are urged to consult the Dean of the Faculty for vocational information.

Payment of Fees

Checks covering items listed above are not to include funds for any other fees or for the student's personal account. Payments are to be made direct to the Treasurer on the specified dates. Registration in September will be facilitated if check is sent prior to the student's arrival.

A patron who finds it necessary to request deferred payment of his account is asked to make special arrangements with the Treasurer in advance of the due date. In all such cases notes are to be signed in advance. They bear interest at six per cent from date payment was due.

Notes cannot be accepted for the payment for resident students due August 1.

Discounts

A discount on tuition of \$100.00 is made to resident students whose fathers are ministers; a discount of \$50.00 is made to non-resident students whose fathers are ministers.

Half of all discounts will be credited on the September payment and half on the January payment. Students who receive discounts must be registered for the entire session.

Music and Speech Fees

Fees for private lessons in Music and Speech are to be paid after permission for the lessons has been secured from the course committee. Treasurer's receipt for payment must be presented to the instructor before admission to class can be granted.

Piano (two lessons weekly of half an hour each)	\$150.00
Practice (two hours daily)	15.00
Practice (one hour daily)	12.00
Organ (two lessons weekly of half an hour each) . . .	\$150.00

Voice (two lessons weekly of half an hour each)	150.00
Practice (one hour daily)	12.00
Violin (two lessons weekly of half an hour each) . . .	150.00
Speech (two lessons weekly of half an hour each) . . .	105.00

The above fees are payable in full in September, or half in September and half on January 1. If one lesson weekly is permitted in applied music or in speech, the charge will be half of the regular fee.

Terms

No student will be admitted for less than a full quarter.

No refunds of any nature are made because of the withdrawal of a student. No adjustment in fees can be made

when a student changes from boarding to day student status, or when she attends only one or two quarters of the session, unless arrangements are made in advance of the opening of the session in September.

A student may not attend classes or take examinations until accounts have been satisfactorily adjusted with the Treasurer.

All financial obligations to this college must be met before a student can be granted a diploma, or before a transcript of record can be issued to another institution. Transcripts are sent direct to institutions except in unusual cases. There is no charge for the first transcript, but a charge of \$1.00 is made for each additional copy unless the record is being sent to a state department of education.

The College does not provide room and board for resident students during the Christmas vacation. The dining hall and dormitories are closed at this time.

The College exercises every precaution to protect property of students, but will not be responsible for any losses that may occur.

It is understood that upon the entrance of a student her parent or guardian accepts as final and binding the terms and regulations outlined in the catalogue.

Personal Accounts

Money may be deposited in the college bank to the account of a student and is payable on her checks. No account other than the cancelled checks is kept.

Books and supplies may be purchased for cash in the bookstore. The College suggests that about \$60.00 or \$70.00 be brought for this purpose.

In cases of prolonged illness or contagious diseases, students must provide a nurse at their expense and must pay for medicines and for consultations.

SCHOLARSHIP AND SPECIAL ENDOWMENT FUNDS

Scholarship and Loan Program

1. *Honor Scholarships.* The College awards the following scholarships to high school seniors: two of \$1,200 each, divided over a four-year period; three of \$600, for one year; several ranging from \$100 to \$300, for one year. Students from all sections of the United States may apply for these awards. In addition, a maximum of five one-year scholarships of \$300 each are available for high school seniors from the local area (the cities of Atlanta and Decatur and the counties of Fulton and DeKalb).

All of the above scholarships are awarded on a competitive basis. Applications and instructions may be secured after November 1 from the Director of Admissions and must be completed by March 10. Announcements are made in late April or early May.

A limited number of scholarships are awarded at Commencement to students already in residence who have achieved distinction in general academic work or in music and speech. Such scholarships are not applied for by the students themselves.

2. *Student Work Program.* Certain endowed funds produce income which is used to assist students of ability and need. These funds are listed in the catalogue as special memorials or under the name of a donor. Applications for such aid may be secured in the spring from the Dean of Students' office or, in the case of new students, from the Director of Admissions. All recipients of aid on this basis are expected to render some service in return. The amount of time required varies from three to ten hours per week, depending upon the amount of aid received. The average grant amounts to \$100 or \$150; the maximum for any student in any one year is \$250.

3. *Loan Program.* Income from a few special funds is available for small loans which bear no interest while the student is in residence.

ALUMNAE ASSOCIATION

ANN WORTHY JOHNSON, B.A., M.A. . . . *Director of Alumnae Affairs*

MARY CHAPMAN, B.A. *Office Manager*

ELOISE HARDEMAN KETCHIN *Hostess*

ORGANIZED in 1895, the Alumnae Association of Agnes Scott College has as its purpose the promotion of its members' interest in the College and in liberal education. Its work is done under the authority of an Executive Board composed of officers, committee chairmen, and the presidents of the four nearest alumnae clubs. Branches of the Association, in the form of Agnes Scott alumnae clubs, are active in thirty-five cities.

The Alumnae Association owns and operates the Anna Young Alumnae House, which comprises the Association offices, reception rooms, and guest rooms for alumnae and other visitors. The Alumnae Office publishes *The Agnes Scott Alumnae Quarterly*, conducts the Alumnae Fund, and maintains files of information on more than 9,000 individual alumnae. Volunteer committees, under the governance of the Executive Board, carry on services including house and grounds improvement, planning of special events and entertainments, presentation of an annual career conference for students, correspondence with class and club officers, and a continuing program to make alumnae an active force in American education.

Officers for 1955 are Mrs. Joseph C. Read, president; Dr. Florence Brinkley, Mrs. G. Scott Candler, Jr., and Mrs. C. Dixon Fowler, vice-presidents; Mrs. Stuart W. Bolen, secretary; and Mrs. D. A. Lackey, treasurer.
